

The Local Emergency Planning Committee In Cooperation With Harford County's Recycling Office Offers
Residential Household Hazardous Waste Collection Day

SATURDAY, OCTOBER 12, 2013

10am to 2pm

Collection Day Location - Harford Waste Disposal Center
3135 Scarboro Road • Street, MD • Compost Area

**A HAPPY HOME IS A CHEMICAL/
HAZARDOUS FREE HOME!**

Suggestions: Follow label instructions. Choose safer products and alternatives. Recycle motor oil, antifreeze, lead-acid batteries, oil filters, empty propane cylinders, gas/oil mixes, latex paint, and computers at existing collection sites or events (call Recycling Office at 410-638-3417). Label all items and store in proper containers. Buy quantities that match task. Recycle Ni-Cad batteries at electronics stores.

WHAT WILL BE ACCEPTED:

Aerosol cans, household batteries, photographic chemicals, pesticides, herbicides, insecticides, pool chemicals, lacquers, turpentine, wood preservatives, wood strippers, driveway sealer, insect repellents, cosmetics, degreasers, deodorizers, cleaners, solvents, moth balls, flea powder, furniture polish, rust remover, bleach and ammonia.

**WHAT WILL NOT BE
ACCEPTED AT THIS EVENT:**

Explosives, ammunition, medical waste, radioactive materials, picric acid (do not transport), gasoline, gas/oil mixes, motor oil, antifreeze, oil filters, lead-acid batteries, latex paint, propane cylinders and freon cylinders.

Harford County Residents Only.
No Businesses, Industrial or Commercial Farm Waste.
Residency and household status verification will be requested.
